In Brief . . . .

Queens is a four-year liberal arts college for women. It is affiliated with the Presbyterian Church in the United States through the synods of North Carolina and South Carolina. It was founded in 1857.

STANDING The college is accredited by the Southern Association of Colleges and Secondary Schools and is approved by the American Association of University Women. It is a member of the National Association of Schools of Music, the American Association of Colleges, the American Council on Education, the National Commission on Accrediting, and the College Entrance Examination Board.

LOCATION The Queens campus is in the Myers Park residential section of Charlotte. The city is the largest in the two Carolinas and is the center of a metropolitan area with a population of 1,700,000. The community affords a quality and range of cultural organizations and activities and of business institutions which are important adjuncts to the educational facilities of the college. Among these are lectures, exhibits at the Mint Museum of Art, Little Theatre plays, and programs offered by the Community Concert Association, the Opera Association, Charlotte Symphony Orchestra, Charlotte Chamber Music Society, and the Oratorio Singers. Other attractions are offered at the city coliseum and auditorium.

SIZE The average enrollment of Queens is 450 students. In its counseling program, in its curriculum, in its methods of teaching, in its attention to the personal development of students, and in its social life the college attempts to do well those things which only a small college can do.

PROGRAM Queens offers the B.A. and B.S. degrees. At the end of the sophomore year students select an area of major emphasis from the fields of art, Bible, biology, chemistry, economics, English, French, history, mathematics, music, psychology, religion, sociology, Spanish, speech, home economics, laboratory technology, and nursing. Students desiring to teach can qualify for an elementary or secondary certificate. Secretarial training can be obtained through elective courses. A program of academic counseling is provided under which each student is assigned to a faculty counselor. With the advice and help of this counselor the student selects courses which will best meet her needs for a basic liberal education, chooses proper sequences in a major field, and pursues her special interests and abilities.

TEACHING The Group Tutorial is the name chosen to designate a method and a set of teaching principles which are in process of development at Queens and seem peculiarly fitted to the needs and the opportunities of the small college. The basic idea is that teaching is not something that is *done for* the student nor something *done to* the student. Effective teaching is the guidance of the process of learning. The chief responsibility rests on the student. Stress is placed on individual endeavor; the student is guided to do creative work. It is assumed that standards of self-evaluation are more important than the grading process.

STUDENTS The most important qualities of any student body are intangible. They are reflected in attitudes, characteristic behavior, and in those things which are spontaneously expected, approved, or disapproved. These are the qualities that determine what happens to a student who lives for four years as a member of the group. These qualities become tangible in student self-government, the honor system, and social events.

Queens prides itself on its student body's diversity in church affiliation, in family income, in geographical distribution, and in academic ability and interests. Two-thirds of the students live on the campus; the others have their homes in or near Charlotte. Those living on the campus come from 18 different states.

With an active emphasis on the academic life, Queens students have a well-balanced social life. There are national sororities, dances and other social events, intramural activities, and a healthy co-educational social life made possible by joint planning with Davidson College which is located 20 miles from Charlotte.

FACULTY The principal emphases in the selection of the faculty are competence in scholarship, outstanding teaching ability, and the kind of personality and character which makes an important difference in the educational result.

STUDENT SELECTION All applicants are required to take the Scholastic Aptitude Test of the College Entrance Examination Board. Each application is reviewed by the Committee on Admissions; and attention is given to the high school record, test results, and personal recommendations and evaluations of character, personality, and ability. The aim of the college is to select those students who can profit by its program. It is anxious to maintain a well-balanced group covering the normal range of ability.

COST The general fee for resident students for board, room, tuition, student activity fee, and health service is $1250; for non-resident students, $490. These fees cover all costs except personal expenses and special fees for applied music and laboratories.

FINANCIAL AID A unique plan for financing the cost of college education is provided in the Queens-Union Banking for College Program. This plan may be considered by the parents of students who are sophomores and juniors in high school.

Endowed scholarships provide assistance ranging from $100 to $900 per year. Academic ability and financial need are the factors determining the recipients of these awards.

Loan funds are available for students in their junior and senior years.

PLACEMENT There is a placement office to serve the graduates of Queens. Those students who do not marry immediately after graduation find no difficulty in obtaining positions as teachers, chemists, social workers, secretaries, etc. The liberal arts curriculum and the program for personal growth and development produce graduates with the kind of education now being sought by discriminating employers.

Aims of Queens College

Queens is a small, Christian liberal arts college for women. The aims of the college can be stated as the attempt to put important meaning into each of the terms used to characterize the institution.

The central purpose is to see that the graduates of Queens College are liberally educated persons. This liberal education means the kind of disciplined mind that has acquired skills in thinking. It means open-minded seeking for fact, judgment as to truth or falsity, and judgment of value on the basis of evidence. It means acquaintance with the basic fields of knowledge in terms of initial studies in each of the fields. These studies should provide an understanding of vocabularies and methods requisite for further study. It means a developed capacity to respond with interest and some understanding to a wide range of personal, social, esthetic, and religious values. This kind of liberal education cannot be obtained through attention to subject matter alone; consequently, there is more than an emphasis upon the liberal arts. Liberal education results from a quality and a combination of subject matter, faculty, teaching, students, and the composite life of the college community. It is the aim of the college to be selective as to the quality of each of these elements and to so combine them as to secure liberal education in each of its graduates.

The college is healthily Christian. The attitudes and religious loyalties of the students and faculty are important. The Christian character of the college does not mean over-restriction and regulation or the kind of emphases that destroy a healthy social life and the rich enjoyment of living. Christian emphasis manifests itself on the positive side in terms of the acceptance of responsibility, a sense of vocation, consideration of others, and loyalty to the church. The emphasis is on the substance of Christian growth. It is not on an impoverishing regulation of behavior or the intemperate parading of religious claims and expressions.

Queens is a small college by intent. As such, it aims to accomplish some of those things which can be done only in a small college. Its aim is that each student shall be known by name, face, and personality by all other students and by all members of the faculty. The individual life of each student shall be manifest in a difference as to method and quality in teaching and in the personal and social development of the student.

As a woman's college, Queens endeavors to meet the educational needs that are peculiar to women. Among these needs are economic independence, responsibilities in the family, moral and religious responsibilities, and responsibilities in the community and in political life.

In addition Queens aims to provide an environment of student life that will contribute to the educational purposes of the college and to the growth and happiness of each student. Such an environment includes elements of social life and patterns of student self-government. It also includes the kind of attitudes that prevail on campus. If these aims are accomplished, the most important result of a college education will come from the experience of living for four years as a member of the student body of Queens College.

Notes on History

The year 1957 is the centennial year of the college. This year is used as the founding date for the reason that the history of the institution is continuous from that date to the present, though its origins are much earlier. During the past 100 years the college has carried four names. From 1857 to 1891 it was known as the Charlotte Female Institute located on North College Street at East Ninth. From 1891 to 1896 it was known as the Seminary for Girls. This was during the administration of Miss Lily Long. In 1896 the institution was affiliated with the Presbyterian Church in the United States and from that date to 1912 was known as the Presbyterian College for Women.

The change of name in 1912 to Queens College, when plans were made to move the college to the present location, was actually the resumption of the name that has belonged to the institution since 1771. With a gap of about nine years the history is continuous from 1771 to date. In that year the colonists in this region applied for a charter for Queens College. Due to the theories of church government centered in the assembly and representative government derived from the Calvin-Knox and Scotch Irish traditions, the crown doubted the political wisdom of granting a charter to an institution that would perpetuate these ideals; so, the charter was refused. The name of the proposed college was changed to Queens Museum and under that odd title the institution was chartered in 1773. It continued under that name until 1777 when in the midst of the war there was no great affection for the crown and the name was changed to Liberty Hall Academy. Beginning in 1784 and continuing for 35 years the history is sketchy, but in 1821 the institution was incorporated as the Male and Female Academy Corporation. This corporation operated the Liberty Male Academy and the Charlotte Female Academy.

The location of the Queens College-Queens Museum-Liberty Hall succession of institutions was on South Tryon and Third Streets. Embedded in the sidewalk on the southeast corner of that intersection there is a bronze marker commemorating this first location of the college. In 1821 the institution was moved to 913 South Tryon Street. Then in 1857 it was moved to the North College Street location. In 1914 the college was moved to the present location in the Myers Park residential section.

Chicora College was merged into Queens in 1930. This institution had a long history of distinguished service as a woman's college of the Presbyterian Church in South Carolina. Among its alumnae are those who were graduated while the college was located in Greenville and a larger number who lived on the Columbia campus.

The changing courses of study, faculties, students, names, boards of trustees, and affiliated church bodies have contributed to the central purpose of Christian higher education for women which is the heart of the Queens tradition.

Admission To The College

Queens desires to select for its student body those applicants who seem particularly fitted for college work and for the type of programs this college offers. Each application is reviewed by the Admissions Committee. The committee will consider:

Quality of college preparatory work
Standing on tests
Recommendations of the secondary school principal or director and faculty
Student's objectives
Student's character and personality

PREPARATION FOR ENTRANCE

Students considering Queens as the college of their choice are encouraged to get in contact with the college early in their secondary school years. There are admissions counselors who will visit the student, write her in detail, and send descriptive literature to help her plan her secondary school program for admission to college. They will also discuss careers and vocations and will help her in choosing the college best suited to her needs and interests.

The student should write to the Office of Admissions stating her interest in Queens or her request for descriptive literature.

Applicants for admission are expected to have a secondary school diploma representing 16 units of study acceptable for admission, distributed as follows:

Units	English	History	Laboratory Science	Algebra	Geometry	Language	Electives
	4	2	1 or 2	1 or 2	1	2 of 1	4

With the exception of four units in English, the above is not a rigid pattern but suggests a desirable distribution. To strengthen further the evidence of intellectual ability, the college may request the student to take certain aptitude or achievement tests, and all applicants are required to take the Scholastic Aptitude Test of the College Entrance Examination Board.

ENTRANCE PROCEDURES

1. Request the form, *Application for Admission,* from the Office of Admissions or from one of the admissions counselors.
2. Follow carefully the instructions given at the beginning of this form. The application cannot be processed without the $10 application fee (to cover partially the cost of processing) or the photograph.

3. Take the Scholastic Aptitude Test and request that the results be sent to Queens College.

4. The college will send the candidate an honor pledge and a medical report form and will write for a transcript of secondary school credits and for recommendations.

5. The honor pledge must be returned immediately. The health blank should be returned after a physical examination taken two or three months in advance of entrance to college.

6. A conference at the college or with an admissions counselor should be arranged, if possible.

7. After the Admissions Committee has received secondary school grades, Scholastic Aptitude Test scores, honor blank, and recommendations, it will act immediately upon the application. The student should understand that a delay in receiving a final decision may be caused by time required to obtain records, recommendations, and scores on the Scholastic Aptitude Test.

8. The Admissions Committee will accept or reject the application. Acceptance for admission is made with the reservation that the applicant maintain a satisfactory standard of academic work through the completion of the school year. The committee will send a supplementary form to the secondary school to obtain final grades.

9. The applicant is urged to report to the college promptly any intention to withdraw her application, any change of address, or transfer to another secondary school.

10. After the student has been accepted, detailed information will be sent during the summer prior to entrance concerning rooms, the orientation program, date to arrive on the campus, etc. The student will also receive material from her upper-class student advisor. Attendance at the orientation program is required of all new students and transfers.

TRANSFERS FROM OTHER COLLEGES

Applicants must have a good scholastic record in the college from which they wish to transfer and must present transcripts of all college work done, units of credit earned in secondary school, and a statement of honorable dismissal from the colleges attended. Credit will be transferred on those courses on which the student has made a grade of C or higher. A maximum of 66 semester hours from a junior college will be accepted.

The procedure for applying is the same as that outlined above for new students.

SPECIAL STUDENTS

The college admits a limited number of non-resident students who have been graduated from secondary schools but who are not candidates for a degree. These students are classified as special students and do not have class standing. The applicant should write the Office of Admissions for information concerning fees and method of applying.

Expenses and Fees

The general fee for a regular full time student for both semesters of the scholastic year is:

Resident Students	$1,250.00
Non-Resident Students	490.00

For resident students the general fee includes tuition, student activity fee, and board and room; and for the non-resident students, tuition and student activity fee. In addition, a student will be assessed special fees as stated in the course descriptions.

The cost of books will vary with courses taken, but the average expense is about $40.00. The expenses outside of the college vary according to the individual student. Such additional costs are travel, incidentals, amusement, and clothing. If a student wishes to become a member of a sorority, either social or honorary, there are additional costs for initiation and special assessments.

It is not planned that the fees of the college will be increased, but the Board of Trustees reserves the right to make necessary adjustments in fees at any time.

REGULATIONS REGARDING PAYMENT OF FEES

Payment for less than half a semester will not be accepted. Should a student withdraw for any reason, the charges for that half of the semester during which she withdraws are due and payable.

A student will not be permitted to attend classes or to take a final examination until satisfactory arrangements have been made to meet all financial obligations.

A diploma, certificate, or transcript of record will not be granted until the student's account is paid in full. Where a note is proffered, it is accepted with the understanding that the account is not considered settled until the note is paid.

All requests for deferred payment must be made in advance to the treasurer.

Upon signing the application for admission, the parent or guardian (or the applicant if not a dependent) accepts as binding and contractual all fees and regulations set forth in the catalogue.

All payments must be made directly to the treasurer. Checks should be made payable to Queens College.

Communications concerning all business transactions should be addressed to the treasurer.

OTHER INFORMATION CONCERNING EXPENSES

Bookstore

At least $25.00 should be provided upon entrance for the purchase of necessary books and supplies which may be purchased at the College Bookstore. Regulation gymnasium clothes are purchased through the College Bookstore.

Student Bank

A student bank is operated by the business office for the convenience of students. The college urges that the students use the college banking facilities. The student bank is opened Monday through Friday from 10:00 a.m. to 12:00 noon and from 2:00 p.m. to 4:00 p.m.

Infirmary

Although no medical fee is charged, the college maintains an infirmary where two graduate nurses are on duty. The college physician holds regular clinics during the week without cost to student and is called at any time if it seems advisable after the student has been admitted to the infirmary. His fee for special visits and consultations outside of clinic hours and the cost of all medicines are paid by the student. If the physician recommends removal to a hospital, all expenses are paid by the student.

Laundry

Laundry is not included in the above charges. The college offers facilities for handling this item efficiently and economically at the expense of the student.

NOTE: The college exercises every precaution to protect the property of students but will not be responsible for any loss which may occur.

Scholarships

All scholarships are awarded annually by a faculty committee and are based on both academic merit and financial need. Although funds are not sufficient to assist all students who apply for aid, every effort will be made to assist those students who need financial assistance for their college education.

Believing that the student benefits from helping herself in college rather than depending entirely on others for funds, the college has provided that all awards may carry a stipulation of a small amount of service to the college in return for the assistance given.

Awards will range from $200 to $900 for resident students and from $100 to $300 for non-resident students. Students receiving $100 to $300 will work at the college four hours a week. For awards ranging from $350 to $900, the student will work for one-third of the award up to a maximum of 12 hours per week.

At the time the student applies for admission she may request an application blank for a scholarship award, or she may at any time write the Office of Admissions for full information.

MINISTERS AND TEACHERS

A reduction of $100 is given in the tuition of students whose fathers are ministers or teachers provided these students carry at least 12 semester hours. Application for this reduction should be made yearly to the business office.

STUDENT EMPLOYMENT

Students will occasionally have opportunity for employment at the college during the school year. Applications for such employment should be addressed to the business manager.

LOAN FUNDS

The following loan funds have been established for the benefit of Queens College students. Loans are available to members of the senior class and, under certain conditions, to members of the junior class:

The Albert Grady Harris
The Lily Long
The Mackorell
The Panhellenic
The James T. Porter

Applications for loans should be addressed to the treasurer of the college.

Banking For College

The experience of both Queens College and the Union National Bank in Charlotte is that many middle income families have difficulty financing college education for their sons and daughters.

The Queens College general fee of $1250 for board, room, tuition, student activities, library, health service, etc. is less than two-thirds of the cost of these services to the college. Even this fee is too high for many parents to pay annually out of income.

Parents, however, want to pay their own way.

To make it possible for the family of average income to pay for a college education of a daughter, the following plan has been developed.

The purpose of the plan is to allow parents of selected students to spread the cost of college education over a longer period and pay for it monthly. Either of two plans may be chosen.

Plan I—$50 Per Month

First year and second year high school girls may apply.
Payments start with the junior year of high school.

After an application has been approved by Queens College and the Union National Bank, a contract will be made. Under the terms of this contract the parents agree that, beginning 24 months in advance of the registration of their daughter in college, they will deposit $50 each month in the Union National Bank. These deposits will continue for two years and five months after the year of graduation. The bank will pay the college $1200 each of the four years the student is enrolled in college.

Plan II—$65 Per Month

Third and fourth year high school girls may apply.
Payments start with the senior year of high school.

Under this plan, monthly deposits of $65 will begin one year in advance of registration and will continue one year and five months beyond the year of graduation. The bank will make the same payments as in Plan I.

Applications

Application forms will include an application for credit to the Union National Bank and an application for provisional admission to Queens College. Contracts will become effective on September 1. Applications should be received not later than May 15 of the year in which the contract is to become effective.

The number of Banking for College contracts that can be approved is limited.

No statement of cause will be made to unsuccessful applicants.

Students participating in this program will, of course, be expected to meet all

normal requirements of the college for academic standing and conduct.

Application blanks may be secured from:

Office of Admissions
Queens College
Charlotte, North Carolina

Is the student assured of admission to Queens College?

Usually, yes. The application for provisional admission, which is a part of the procedure for entering the Banking for College program, will provide most of the information required for final admission. It will secure a reservation of a room in a dormitory. It will provide a basis for advice on remaining high school study. In the senior year additional records will be requested at the end of the first semester. If the records are so radically changed as to cause denial of admission, the candidate will be notified by March 15; and all bank deposits may be withdrawn.

Can a member withdraw from this plan?

Yes. Withdrawal can be made in any year that notice of withdrawal is given by March 15. Upon withdrawal accumulated deposits will be refunded. After the junior year in college, withdrawal will be permitted when satisfactory arrangements have been made with the bank for repayment of the loan.

Can the plan be insured?

In the event of the death of the maker of a note, life insurance will cover any loan balance outstanding at the time of death.

Does this plan cover all charges of the college?

The bank will pay the college $1200 of the total fee which is $1250. The difference of $50 will be due on July 1 each year before enrollment in September. The only other fees are for private instruction in music and for supplies used in science laboratories and art laboratories.

Can the tuition rate be changed?

The general fee of the college will not be raised for participants in this plan during the period of the contract regardless of any changes for other students. If the general fee is decreased during the period of the contract, participants in this plan will receive the benefit of that decrease.

STANDARDS AND REGULATIONS

Grading and Quality Point System

Graduation requirements are based upon both quality and quantity of work. The following system of grading is used:

A—exceptional	3 quality points per semester hour
B—good	2 quality points per semester hour
C—average	1 quality point per semester hour
D—poor	0 quality points per semester hour
F—failing	minus 1 quality point per semester hour

The following symbols are used when a student does not receive a final semester grade.

WF—withdrew failing.

WP—withdrew passing.

E—conditional failure given at the discretion of the instructor. This mark may be changed to D or F after a re-examination. Only one re-examination is allowed in any course.

I—incomplete work. When this work is completed, the student may receive any grade from A to F.

A grade of E or I automatically becomes F if the student fails to take or pass a re-examination or fails to make up incomplete work satisfactorily; a grade of E or I for the first semester must be removed by the second week of the following March; a grade of E or I for the second semester must be removed by the end of the first week of regular classes the following September.

Reports

A report of grades is sent to parents or guardians at the end of each semester. No grades except semester grades are permanently recorded; however, additional reports are issued at mid-semester.

Withdrawal From A Course

A student must obtain permission from the dean of the college to discontinue a course. A student discontinuing a course after the period in which changes in registration are permitted will receive a semester mark of WF or WP for the course. If permission is not obtained, the course will be graded F.

Withdrawal From The College

A student who wishes to withdraw from the college before the end of the semester must notify the dean of the college in order to maintain a record in

good standing. The grades of a student who withdraws are recorded WP if the work has been passing up to the date of withdrawal. Such a mark does not affect quality points already earned. If the work has not been passing, a mark of WF is recorded and one quality point is deducted for each semester hour. If permission is not obtained, all grades are recorded as F.

The college reserves the right to require at any time the withdrawal of a student whose conduct or academic work is not considered satisfactory.

Classification

Regular students who are following a degree program and are carrying the required semester load have class standing determined by minimum levels of achievement, as follows:

	Semester Hours	*Quality Points*
Sophomores	24	18
Juniors	54	48
Seniors	90	84

Special: Students who are not candidates for a degree.

Semester Load

The required amount of work for a regular student is 15 hours of academic work per semester exclusive of applied music. In some cases, the dean of the college may recommend a load of 12 semester hours. Freshmen who wish to take more than 16 hours of academic work or upperclassmen who wish to take more than 17 hours of academic work must secure the permission of the dean of the college. Academic hours do not include physical education or activity hours.

Attendance

Students are expected to attend classes regularly. All freshmen will be required to attend all classes until mid-semester. A student who receives D or F on a course at mid-semester is on required attendance in that course for the remainder of the semester. A student who receives D or F in more than one course at mid-semester is on required attendance for all classes for the remainder of the semester. A student who has been absent from more than 20% of the class meetings during the semester must secure the approval of the dean of the college and the instructor before being allowed to make up the work or receive credit for the course. Absences are recorded from the first day the class meets. The Faculty Regulations for class attendance appear in more detail in the *Student Handbook.*

All students are expected to attend chapel on Tuesday and Friday. All students are expected to attend assembly on Wednesday; freshmen also attend Monday and Thursday assemblies. Each student shall be allowed a maximum of seven chapel or assembly absences each semester.

All candidates for degrees are required to be present for commencement.

Registration

Students are expected to register for course work on the day specified for each semester. Registration after the appointed day subjects the student to a fee of $5.00. No registrations are permitted after the second Saturday following the beginning of classes.

Changes in registration are permitted prior to the second Saturday following the first day of class meetings. Any change after this day is considered a *withdrawal.*

Requirements For Graduation

The minimum requirement for graduation is 120 semester hours with 120 quality points and a specified program of activity hours. Even though the college makes every effort to counsel and guide the students in planning a program and selecting courses of study, the student is finally responsible for fulfilling all requirements for a degree. Every candidate for a degree must complete two semesters at Queens College as a regular student. She must also complete the last 30 hours of her academic program at the college.

Eligibility To Return

To remain in college a student must pass 18 semester hours of work during a session with a quality point average as follows:

.5 to return the second year

.8 to return the third year

.9 to return the fourth year

A quality point average is computed as follows: One semester hour with a grade of A would earn 3 quality points, or a regular 3 semester hour course with a grade of A would earn 9 quality points. A 3 semester hour course with a B grade would earn 6 quality points, and a 3 semester hour course with a C grade would earn 3 quality points. To obtain the quality point average for a semester or for a year, add the quality points earned and divide by the total semester hours carried. For example, a normal semester load is 15 semester hours or 5 courses. If the student receives B in each course, she would earn 6 quality points for each course or a total of 30 quality points. Thirty quality points divided by 15 semester hours equals 2.0 quality point average for a semester.

Probation

A student who does not maintain a satisfactory scholastic standing may be placed on academic probation. Probationary status may also be given for misconduct or violation of the social standards of the college. A student on probation may be asked to withdraw at any time if she again fails to meet the scholastic or social standards of the college.

Eligibility To Represent The College

Students who maintain a quality point average of 1.0 or more the preceding semester are on the current list of eligibility to represent the college in extracurricular activities and to hold campus offices during the current semester. Eligibility is also dependent on chapel and assembly attendance. Students on probation are not eligible to represent the college.

Summer School Work

Students who wish to take courses in accredited summer schools and to receive credit for them towards graduation must first secure the approval of the dean of the college, both as to the courses to be taken and as to the institution to be attended. In no case will credit be allowed beyond that given by the institution conducting the summer school.

Auditing Courses

A regular student who is carrying a minimum load of 15 hours of academic work for credit and who has a B average may, with the consent of the dean of the college and at the request of the instructor, audit a course. An auditor is expected to attend classes regularly.

Handbook

Each student is expected to know and observe the faculty, administrative, and student government regulations which are found in detail in the *Students' Handbook.*

The Curriculum

The four divisions of the Queens curriculum which interrelatedly form an educational program for women today are: a *program of basic requirements, a field of concentration, a program of elective hours,* and a *program of activity hours.* Through meeting the requirements in each of these divisions, the student may obtain the *bachelor of arts* degree in art, Bible, biology, chemistry, comparative literature, economics, English, French, history, home economics, mathematics, music, psychology, religion, sociology, or Spanish; or the *bachelor of science* degree in laboratory technology or in nursing. In addition, through elective hours, the student may receive *secretarial training* or qualify for *teacher certification.*

The Program Of Basic Requirements

The program of basic requirements, totaling 53 semester hours, represents the area of study deemed necessary to provide the essentials of a liberal education. Much of this program will be completed during the first two years as a foundation for further study. Parts of it may be continued, however, into the junior and senior years.

Field Of Concentration (Major Program)

By the end of her sophomore year each student will have decided upon a subject-matter field in which she will concentrate through a pattern of advanced courses as a major program. It is conceivable that this study may begin prior to the junior year. No less than 30 semester hours shall constitute a major program and no more than 40 semester hours may be taken in one department. The major program will be planned by the student and her major advisor. Certain specific major requirements are stated under each department heading in the section of the catalogue marked *Courses of Instruction.*

Elective Hours

In consultation with her faculty advisor or the dean of the college, the student chooses elective hours to complete the number of hours required for graduation in addition to the basic requirements and the major program. These hours may be in courses which represent the student's general interests and needs or they may be specifically related to her major field.

A pattern of electives may be planned with the supervisors of elementary or of secondary education to complete the requirements for teacher certification; or with her faculty advisor, the student may plan her electives to include such secretarial practice courses as are needed to obtain secretarial training.

Teacher Certificates

Training for the teacher certificate, either at the *elementary* or the *secondary* school level, may be secured with the bachelor of arts degree. The program of elective hours should be so planned with the faculty advisor that it will include the required hours in education, practice teaching, psychology, and other subjects specified by the state in which the student plans to teach.

Students desiring to teach in a state other than North Carolina or South Carolina must obtain a copy of the requirements of that state and plan their programs carefully to meet these requirements.

Secretarial Training

The secretarial training program is designed especially for the increasing variety of opportunities for women in positions today. The basic skill subjects of typing and shorthand are combined with an academic major to provide the basic preparation needed for entering into positions requiring office skills. As electives toward a degree in any academic major program, the student may take 12 semester hours in secretarial practice courses beyond beginning typing which does not carry credit toward a degree. In addition, she may elect such courses in accounting and economics as she feels would be of help to her in the business world. The program of electives for secretarial training may be taken during the first two years or scattered throughout the four years. The selection of courses should be considered carefully by the student with the faculty advisor for secretarial training in order that the program may be directed toward the type of employment which is of interest to the student.

Activity Hours

The program of activity hours has certain required work but is generally a program of free choice designed to develop certain individual skills in sports, an

understanding of team sports, creativeness in the arts, and self-expression through music, drama, or writing.

Each regular four-year student will be required to complete with a rating of *satisfactory* nine activity hours. An activity hour is defined as an average per week of two clock hours of participation in the activity for one semester. It carries no grade other than satisfactory or unsatisfactory.

The requirements in the various areas are as follows:

AREA I — 3 hours

Swimming — 1
Golf or tennis — 1
Understanding Sports — 1
Electives as approved

AREA II — 2 hours

Queens Players
Student publications
Chorus
Madrigal Group
Others as approved

AREA III — 2 hours

Ceramics
Photography
Painting
Sculpture
Gardening
Others as approved

Two additional hours selected from any of the above areas.

THE DEGREE OF BACHELOR OF ARTS

The bachelor of arts degree may be obtained with art, Bible, biology, chemistry, comparative literature, economics, English, French, history, home economics, mathematics, music, psychology, religion, sociology, or Spanish as the field of concentration. The following check list summarizes the requirements for the degree.

The Degree Of Bachelor Of Science

The degree of bachelor of science may be obtained through major work in *laboratory technology* or in *nursing*. The requirements for these majors are given below.

Laboratory Technology

The minimum requirement for the degree is 120 semester hours with 120 quality points and six activity hours. The same program of basic requirements as outlined for the bachelor of arts degree is required. The degree will be granted upon the successful completion of three years of prescribed work at the college and certification in laboratory technology from Charlotte Memorial Hospital, Charlotte, N. C. A minimum of 42 semester hours in courses numbered 300 and above is required. Thirty semester hours and 30 quality points will be awarded for the training at Memorial Hospital, all of which shall be considered equivalent to 300-400 level courses. The student with the major advisor will plan the course of study to be taken in residence at the college to fulfill graduation requirements and to meet admission requirements of the hospital.

Admission to the Memorial Hospital School of Laboratory Technology is achieved by applying to that institution and meeting its admission requirements and standards. It is recommended that a regular four-year college course with a major in biology or chemistry be taken before the student enters the clinical laboratory.

Nursing

The minimum requirement for the degree is 120 semester hours with 120 quality points and four activity hours. The same program of basic requirements as outlined for the bachelor of arts degree is required. The degree will be granted upon the successful completion of two years of prescribed work at the college

and graduation from the Presbyterian Hospital School of Nursing, Charlotte, N. C. A minimum of 42 semester hours in courses numbered 300 and above is required. Sixty semester hours and 60 quality points are assigned to the courses carried in the school of nursing. Of the 60 semester hours, 30 shall be considered equivalent to 300-400 level courses.

The pattern of residence in this five-year program is one year at the college, three years at the hospital, and the fifth year at the college; or three years at the hospital and the fourth and fifth years at the college. Admission to the Presbyterian Hospital School of Nursing is achieved by applying to that institution and meeting its admission requirements and standards.

Courses of Instruction

Courses are listed alphabetically. Courses numbered 100 to 299 are primarily for freshmen and sophomores; those numbered 300 to 499 are primarily for juniors and seniors; freshmen may take no more than six semester hours in 200 level courses; they may take no courses at the 300-400 level. Sophomores may take no more than nine semester hours in courses numbered 300 and above. Courses open to lower classes are also open to upper classes unless stated otherwise. First semester courses are usually given odd numbers and second semester courses are usually given even numbers. A course with hyphenated numbers extends throughout the session and must be completed before credit is allowed unless permission for credit on one semester is obtained from the dean of the college and the instructor.

Semester hours of credit carried by a course are indicated in parentheses after the course title. Unless otherwise indicated, a course carrying three semester hours credit meets three times a week; a course carrying two semester hours credit meets twice a week, etc. When a course is offered in alternate years only, the year in which it will be given is shown.

ART

Visiting Professor Moose; Assistant Professor Gebhardt

CONCENTRATION: Art 101-102, 201-202, and at least 18 semester hours selected from art courses numbered 300 and above, as approved by the major advisor.

100. ART APPRECIATION. (3)

An introductory course to the visual arts.

101-102. ART STRUCTURE. (3-3)

A study of the basic art forms and their relationship to the plastic and graphic arts. Media: pencil, pen and ink, water color, and tempera.
Six hours laboratory a week.

201-202. DESIGN. (3-3)

A study of the fundamental principles of design, with problems in pictorial design, pattern design, and advertising.
Prerequisite Art 101-102.
Six hours laboratory a week.

301. COMPOSITION. (3)

Comprehensive course in the technique of drawing with a variety of media: pencil, pen, charcoal, and wash drawings.
Six hours laboratory a week.

302. PAINTING. (3)

Still life and landscape.
Six hours laboratory a week.

305. DECORATIVE DESIGN. (3)

The study of the historical development and technical processes in decorative design. Problems in planning of designs for printed and woven textiles, wall paper, ceramics, and historic ornament.
Six hours laboratory a week.

306. INTERIOR DESIGN. (3)

A study of the aesthetic principles of design, proportion, and arrangement as related to home design and decoration. Problems in rendering plans, elevations, and details in line and color.

Six hours laboratory a week.

311. ANCIENT AND MEDIEVAL ART. (3)

The development of architecture, painting, and sculpture from prehistoric times to the Renaissance.

1957-1958

312. RENAISSANCE ART TO THE PRESENT TIME. (3)

A study of painting, sculpture, and architecture from the early Renaissance to the art schools of modern Europe and America.

1957-1958

313. CERAMICS. (3)

Basic course in construction and decoration of ceramic sculpture, tile, and pottery. Mold-making, firing, and glazing.

Six hours laboratory a week. Laboratory fee, $10.00. Open to all students.

314. SCULPTURE. (3)

Problems in modeling and casting.

Six hours laboratory a week. Laboratory fee, $10.00.

401-402. OIL PAINTING. (3-3)

Still life, landscape, portrait, and figure painting.

Six hours laboratory a week.

421. COMMERCIAL DESIGN. (3)

Fundamental principles of art as applied to the commercial field. Lettering, typography, general layouts for magazine and newspaper art in various media are stressed.

Prerequisite Art 201-202.
Six hours laboratory a week.
1958-1959

422. COSTUME DESIGN. (3)

The study of dress with emphasis on expressive line and color in relation to the individual.

Six hours laboratory a week.
1958-1959

450. PROBLEMS IN ART. (3)

Students who have displayed unusual talent and scholarship may take advanced work in some specialized phase of art.

EDUCATION 312 may be credited as art.

BIBLE

Professor Carson; Associate Professor Currie; Associate Professor Taylor

CONCENTRATION: Bible 101, 102, six semester hours from Bible 201, 202, Religion, or Philosophy, and Bible 301, 302, 401, 402, 421-422.

101. BEGINNING OF THE COVENANT PEOPLE. (3)

Readings in Genesis through Joshua.

102. THE LIFE OF CHRIST. (3)

A study of the life of Christ as found in the synoptic gospels (Matthew, Mark, and Luke).

Courses 101 and 102 prerequisite to all other Bible courses.

201. THE RISE AND FALL OF THE KINGDOM. (3)

A study of Israel under the judges and kings, Judges through II Kings.

202. CHRISTIAN FAITH AND LIFE. (3)

A study of Christian doctrine and the Christian way of life as presented in John, Acts, and selected epistles.

301. PROPHETIC AND APOCALYPTIC LITERATURE. (3)

A study of selected minor prophets, Jeremiah, and Daniel, with emphasis on the significance of the prophetic and apocalyptic messages for Hebrew life and for the present day.

1957-1958

302. DEVOTIONAL AND WISDOM LITERATURE. (3)

A study of Psalms, Proverbs, and Job with emphasis on their significance in the religious experience of the Hebrew people and of people today.

1957-1958

401. SURVEY OF THE OLD TESTAMENT. (3)

Designed for Bible majors and others who desire to familiarize themselves with the entire Old Testament. Emphasis on pertinent archaeology, Biblical criticism, and general historical background.

1957-1958

402. SURVEY OF THE NEW TESTAMENT. (3)

Designed for Bible majors and others who desire to familiarize themselves with the entire New Testament. Emphasis on archaeology, Biblical criticism, and general historical background.

1957-1958

421-422. THE RELIGION OF PAUL, THE APOSTLE. (3-3)

A study of the life and letters of Paul, the apostle. The purpose of the course will be to show the origin of Paul's religion, the bases for and significance of his faith, and its application to the problems of our modern world.

1958-1959

BIOLOGY

Professor Nooe; Associate Professor Fehon

CONCENTRATION: Biology 101-102, 201, 410, and 18 semester hours from biology courses numbered 300 and above, as approved by the major advisor. Majors should take Chemistry 303-304.

101-102. GENERAL BIOLOGY. (4-4)

An introductory course in botany and zoology and the fundamental principles of biology.

Three hours lecture, three hours laboratory a week. Laboratory fee, $5.00, each semester.

201. INVERTEBRATE ZOOLOGY. (4)

A study of the structure, physiology, habitat, and economic importance of invertebrate animals, with dissection of animals of the principal groups.

Prerequisite, Biology 101-102.

Three hours lecture, three hours laboratory a week. Laboratory fee, $5.00.

204. GENERAL BOTANY. (4)

A study of the fundamental principles of plant structure and plant physiology with an outline of classification and a consideration of principles underlying plant evolution.

Prerequisite, Biology 101-102.

Three hours lecture, three hours laboratory a week. Laboratory fee, $5.00.

221-222. HUMAN ANATOMY AND PHYSIOLOGY. (3-3)

A study of the various organ systems of man and the ways in which they function. Reports of research in disease prevention and treatment are reviewed.

Prerequisite, Biology 101-102.

301. VERTEBRATE EMBRYOLOGY. (4)

A study of the development of vertebrates based on the laboratory study of the frog, chicken, and pig.

Prerequisite, Biology 101-102.

Two hours lecture, six hours laboratory a week. Laboratory fee, $7.50.

302. COMPARATIVE ANATOMY. (4)

A comparative study of the structure and development of the various vertebrate classes.

Prerequisite, Biology 101-102.

Two hours lecture, six hours laboratory a week. Laboratory fee, $7.50.

304. LOCAL FLORA. (3)

A course to acquaint students with the methods of identification, classification, distribution, and economic uses of plants, using types from the local flora.

Prerequisite, Biology 204.

One hour lecture, six hours laboratory a week. Laboratory fee, $5.00.

306. GENERAL BACTERIOLOGY. (4)

An introductory course in the structure, physiology, and economic importance of bacteria, including laboratory techniques commonly employed.

Prerequisite, Biology 101-102.

Three hours lecture, three hours laboratory a week. Laboratory fee, $5.00.

402. GENETICS. (3)

A study of the principles of inheritance and variation with particular reference to human heredity.

Prerequisite, Biology 101-102 or equivalent.

410. HISTORY OF BIOLOGY. (1)

A study of the history of biology and current trends of thought in the subject.

Open to advanced biology students by permission of the instructor.

450. SPECIAL PROBLEMS IN BIOLOGY. (3)

Open to advanced students by permission of the instructor.

CHEMISTRY

Professor McEwen; Associate Professor Norman

CONCENTRATION: Chemistry 111-112, 203, 204, 303-304, 401-402, and 403-404. Chemistry 405 may be substituted for Chemistry 401-402, or 403-404 by students in the teacher training program.

101-102. GENERAL CHEMISTRY. (4-4)

A study of the more important non-metals and metals with emphasis on the fundamental principles of chemistry. Part of the second semester is devoted to an elementary study of the compounds of carbon.

Three hours lecture, three hours laboratory a week. Laboratory fee, $5.00 each semester.

111-112. GENERAL CHEMISTRY AND QUALITATIVE ANALYSIS. (4-4)

Prerequisite, high school chemistry.
Three hours lecture, four hours laboratory a week. Laboratory fee, $10.00.

203, 204. QUANTITATIVE ANALYSIS. (4, 4)

Prerequisite, Chemistry 111-112.
Two hours lecture, six hours laboratory a week. Laboratory fee, $10.00.

303-304. ORGANIC CHEMISTRY. (4-4)

A systematic study of the important classes of compounds of the aliphatic and aromatic series.

Prerequisite, Chemistry 111-112.
Three hours lecture, three hours laboratory a week. Laboratory fee, $10.00, each semester.

401-402. PHYSICAL CHEMISTRY. (4-4)

A study of the principles of elementary physical chemistry.

Prerequisites, Chemistry 111-112, 203, 204, Mathematics 101 or its equivalent, Physics 101-102.
Three hours lecture, three hours laboratory a week. Laboratory fee, $10.00, each semester.

403-404. BIOCHEMISTRY. (4-4)

The chemistry of carbohydrates, lipids, and proteins, studies in digestion, metabolism, enzymes, vitamins, and blood and urine chemistry.

Prerequisite, Chemistry 111-112, 203, 204, 303-304.
Three hours lecture, three hours laboratory a week. Laboratory fee, $10.00, each semester.

405. INORGANIC CHEMISTRY. (2)

A review course carrying credit only for seniors who are obtaining a teacher's certificate.

COMPARATIVE LITERATURE

Assistant Professor Braun; Assistant Professor Hadley*

CONCENTRATION: Comparative Literature 201, 202, 401, 402, and 18 semester hours of comparative literature courses numbered 300 and above, as approved by the major advisor. Six of the 18 semester hours may be chosen from English or American literature courses numbered 300 or above.

*On leave of absence with the armed forces.

201, 202. World Literature. (3, 3)

A critical evaluation through reading in translation, lectures, and class discussion of selected masterpieces from the Old Testament to the present.

203. Classical Mythology. (3)

An introduction to the classical myths, their origins and interpretation, and their influence on art and literature.

301. Tragedy. (3)

A critical study of tragedy, from Aeschylus to the present.

302. Comedy. (3)

A critical study of comedy, from Aristophanes to the present.

303. Epic. (3)

A critical study of the epic, from the *Iliad* to the present.

304. Greek Dramatic Literature. (3)

The origin and growth of the Greek theatre and drama. Reading and discussion of the plays; lectures and discussion on the religious and social ideas of the 5th century B.C.

1958-1959

305. Literature of The Renaissance and Baroque Periods. (3)

A study, through reading and discussion, of the relationships of form and idea among some of the great literary works of Italy, England, France, and Spain during the period from about 1350 to 1650.

1958-1959

306. Literature of The Neo-Classic and Pre-Romantic Period. (3)

A study, through reading and discussion, of the relationships of form and idea among neo-classic and 18th century pre-romatic writers.

1958-1959

307. Literature of The Romantic Period. (3)

A study of the relationships of form and idea among selected works of German, French, and American writers of the 19th century.

1957-1958

308. Modern Continental Fiction. (3)

Reading and discussion of representative writers of the novel and short story from the 19th century to the present.

1957-1958

309. Modern Drama. (3)

Reading and discussion of representative European and American plays from the time of Ibsen to the present, including works of Strindberg, Zola, Pirandello, Hauptmann, Molnar, Chekhov, Synge, O'Casey, Shaw, Odets, and others.

1957-1958

310. Literary Criticism. (3)

Reading from representative critics, from Aristotle to the present. Lectures and discussion on the search for a critical theory and literary types.

401, 402. SEMINAR IN WORLD LITERATURE. (3, 3)

A study of the ideas and philosophies found in the great books of the world. Prerequisite, senior standing and consent of instructor.

ECONOMICS

Professor Boner;* Mrs. East

CONCENTRATION: Economics 101, 203-204, 207, 312, 335, 336 and nine semester hours of other economics courses numbered above 300. Approval may be sought for substitution of Mathematics 306 in partial fulfillment of the above requirements.

101. AMERICAN ECONOMIC DEVELOPMENT. (3)

A study of economic developments in North America since 1492.

203-204. PRINCIPLES OF ECONOMICS. (3-3)

A study of the principles governing production and distribution of wealth and income and their implications.

207. INTRODUCTORY ACCOUNTING. (3)

Study of the fundamental principles of accounting and preparation of financial statements.

Five hours a week.

208. INTRODUCTORY ACCOUNTING. (3)

Basic principles of accounting applied to partnerships, corporations, manufacturing and trading enterprises.

Prerequisite: Economics 207 or its equivalent.
Five hours a week.

305. PERSONAL AND FAMILY ECONOMICS. (3)

Student Activities

STUDENT GOVERNMENT ASSOCIATION

Upon registration, each student automatically becomes a member of the Student Government Association which has set the following aims as the purpose of its existence: To encourage self-government; to promote constructive policies pertaining to scholastic and extra-curricular activities; to stimulate the highest standards of honor in all matters of personal conduct; and to make and to enforce regulations which are in harmony with the college administration and which will encourage a progressive and cooperative student life.

The organization of student government is outlined in a constitution granted by the Board of Trustees of the college. Its regulations are printed in full in a special handbook sent new students before the opening of college each year.

QUEENS CHRISTIAN ASSOCIATION AND RELIGIOUS LIFE

This organization includes every student. The cabinet of the Queens Christian Association, with a faculty committee, plans morning chapel and Religious Emphasis Week. The association also sponsors vesper programs for Sunday evenings and services for special occasions and promotes community projects.

The college makes every effort to enrich the religious life of the students. While Queens College is a church-related college in the Presbyterian denomination, it welcomes students of all faiths into its student body and care is taken not to interfere in any way with the church preference of students. A brief service of worship is held each Tuesday and Friday in Belk Chapel.

STUDENT PUBLICATIONS

THE BLUE QUILL is a journalistic and literary magazine which seeks to encourage good writing, helps to foster student opinion, and attempts to stimulate interest in current affairs.

THE CORONET, the yearbook, is a factual and photographic record of Queens students and student activities.

QUEENS CUES is designed especially to acquaint new students with the customs, traditions, and standards of the college.

MUSIC

QUEENS COLLEGE CHOIR

This is a group chosen by audition in September. The organization sings very frequently at chapel services, campus concerts, concerts in the city of Charlotte, and church services. Each spring the choir tours for one week in the Carolinas and adjacent states.

Queens College Chorus

This choral organization is open to all students in the college. Several campus appearances are made each year. The repertoire is chosen for singers of average ability who wish to experience the pleasure of group participation.

Madrigal Singers

A small music ensemble of talented vocalists is selected to specialize in chamber music.

Instrumental Ensembles

Various combinations of instrumentalists are organized for experience in playing chamber music.

Intercollege Chamber Music Guild

Guild membership is open to faculty and students from Davidson, Queens, and Catawba Colleges. The basic organization is the string quartet composed of faculty members from the three colleges. Chamber music programs are exchanged annually.

International Society for Contemporary Music

The Queens chapter presents an annual concert devoted to significant contemporary works. Faculty, students, and guest artists participate.

Recitals

Faculty recitals are presented as a part of the college music program. Junior and senior applied music majors give individual recitals as partial fulfillment of graduation requirements. Many non-majors in applied music appear on programs throughout the year.

QUEENS PLAYERS

Organized by and for the students to afford practical experience in the multiple arts of the theatre, the Queens Players welcomes any member of the student body willing to participate actively in the efforts to provide stimulating entertainment in drama on the Queens College campus.

RADIO PROGRAMS

The college sponsors programs over Charlotte radio stations. These programs feature students and faculty members of the several departments of the college.

HOME ECONOMICS CLUB

The objectives of the organization are to cultivate good fellowship among members of the department and to promote interest in home economics activities. The club is affiliated with the North Carolina and the National Home Economics Associations.

INTERNATIONAL RELATIONS CLUB

The purpose of the International Relations Club is to foster international understanding through the presentation of lectures and discussions bearing on problems in world relations. Membership is open to all students interested.

THE SPANISH CLUB (El circulo espanol)

The Spanish Club is an organization of students interested in obtaining and disseminating information concerning the culture of Spain and Spanish America. Membership is open on either a full or associate basis to those who have studied Spanish. Natives of Spanish-speaking countries are honorary members.

CAMERA CLUB

This organization brings together students who have an interest in photography as a hobby. The objectives of the club are to enable students to recognize good pictures and to improve their photographic technique.

HONORARY ORGANIZATIONS

ALPHA KAPPA GAMMA is a national honorary leadership fraternity for women. This group is composed of students and faculty who possess qualities of leadership, and the purpose of the organization is to assist in the integration of campus activities.

SIGMA MU is a regional honorary organization composed of faculty and students. Its purpose is to recognize high scholastic attainment of upperclassmen and to encourage independent research.

VALKYRIE is an honorary organization made up of members selected in the spring from the rising sophomore class. Membership in this club, organized on the Queens campus in 1937, is based on outstanding leadership and citizenship exhibited by freshmen. Members usher at college functions.

SIGMA UPSILON is a national honorary literary fraternity, founded in 1906. It was limited formerly to men's colleges, but now includes a small number of women's colleges. The Queens College chapter was established in May, 1951. Membership is based primarily upon literary ability and active participation; selection of members is usually made once a year from members of the sophomore, junior, and senior classes and from the faculty.

SORORITIES

There are on the campus of Queens College five national social sororities: Alpha Delta Pi (Beta Iota Chapter), founded at Wesleyan College on May 15, 1851; Alpha Gamma Delta (Gamma Gamma Chapter), founded at Syracuse University in 1904; Chi Omega (Theta Gamma Chapter), founded at the University of Arkansas on April 5, 1895; Kappa Delta (Alpha Omicron Chapter), founded at Virginia State Normal on October 23, 1897; and Phi Mu (Gamma Gamma Chapter), founded at Wesleyan College on March 4, 1852.

Only those students who are candidates for a degree at Queens College may be considered for membership in the national sororities.

Services and Regulations

Student Health Service

The health program at Queens College is under the supervision of a physician and the dean of students. Annual health reports to be filled out by the family physician are required of all students. An infirmary is maintained where two graduate nurses are on duty and where the college physician has regular consultation hours.

The purpose of the infirmary is to protect the health of all and to treat out-patients or bed patients who have minor illnesses. In the case of major illnesses or operations arrangements are made with Charlotte hospitals by the college physician and the parents of the student. Infirmary bed patient service is provided for boarding students only. No medical fee is charged for infirmary services; but, if it is advisable that a physician be called on a case, the student pays his fee and the cost of medicine.

Orientation

During the four days preceding fall registration, there is an orientation program at which attendance is required of all new students. During this period the student becomes acquainted with her roommate, her upperclass student advisor, and her faculty advisor. The orientation program is designed to adjust the student to college life in its social and academic phases as well as to the whole community in which she will live for four years. Visits are made to points of interest in Charlotte, and there is opportunity to worship in the church which may become the student's "campus church."

A series of tests is given for the purpose of better advising the student in her academic program. One day is devoted to conferences with faculty advisors who plan the freshman program. The student will remain with this faculty advisor through her first two years and will find in the carefully selected faculty member a friend who will hold frequent conferences to assist and to guide throughout the years.

The Honor System

Upon admission to Queens College each student promises on her word of honor to uphold the Honor System of Student Government. The Honor System is one of the most cherished institutions of the college, and its regulations in all phases of college life are based on three fundamental principles:

1. That each student be truthful at all times.
2. That each student respect the property of others.
3. That each student be entirely honest on tests, examinations, term papers, and all other pledged work as designated by teachers.

Any infraction of the regulations may be investigated by the Honor Council. If the student is found guilty, the council may recommend that she be excluded or suspended from the student body.

Assignment of Rooms

Reservations of rooms by returning students will be made between April 9 and May 9 in the office of the dean of students. Assignment of rooms and roommates will be given to freshmen when they arrive in September.

Student Activity Fee

The student activity fee is included in the general college fees and is required of all except special students with whom it is optional. Payment of this fee entitles the student to receive the college magazine, *The Blue Quill,* and the yearbook, *The Coronet,* provides for membership in the Queens College Lecture Series, and finances the program of the Student Government Association.

Placement Bureau

The Placement Bureau is operated by the Public Relations Office as a service to students and alumnae. Cumulative records are kept for all persons registered with the bureau. Biographical information, academic and professional qualifications, and personal recommendations are included in individual Placement Bureau folders sent to prospective employers. The office maintains an active register of positions and employers, and students and alumnae are notified of positions available in their particular vocations.

Honors, Awards, and Prizes

Graduation Honors

Graduation honors based on the academic average are *summa cum laude,* requiring a minimum average of 2.85; *magna cum laude,* requiring a minimum average of 2.65; and *cum laude,* requiring a minimum average of 2.50. The average is based on the comprehensive college record of the student, including the last semester of the senior year. To be eligible, the student must have completed the last four semesters' work at Queens College.

Honors Program

In the Honors Program the student follows an individual program of reading and research in her major field and stands final written and oral examinations. The program is under the general direction of the Committee on Comprehensive Examinations and Honors. To be eligible, the student must have a comprehensive academic average of 2.0 and must have completed at least four semesters' work at Queens College or two full semesters in the junior year. Application for the Honors Program must be made to the committee near the end of the semester immediately preceding the semester in which the Honors Program is started.

Dean's List

Students achieving unusually high scholarship are named on this list. They must carry at least 15 semester hours and achieve not less than three A's and two B's in academic subjects. Seniors who are doing practice teaching and carrying only 12 semester hours must have three A's and one B in academic subjects.

Commencement Marshals

The marshals are selected on the basis of scholastic averages. The chief marshal is the junior with the highest average, and the other six marshals are the next two juniors, sophomores, and freshmen maintaining highest averages in their respective classes. Marshals serve at all formal academic occasions.

Washington Semester

Through a cooperative arrangement with The American University, honor students are selected to spend a semester in Washington, D. C. for a study of American National Government in Action. The study is carried out through a seminar on Government in Action, an individual research project, and regular courses at The American University. Application should be made to the major professor or the dean of the college.

Algernon Sydney Sullivan Award

The award is made by the New York Southern Society to perpetuate the memory of its founder, Algernon Sydney Sullivan, whose dominant characteristics were love for and service to men.

"The recipients of the Award shall be chosen by the faculty of the college. In the selection of the recipients, nothing shall be considered except the possession of such characteristics of heart, mind, and conduct as evince a spirit of love for and helpfulness toward other men and women."

Charlotte Panhellenic Award

The Panhellenic Organization of the city of Charlotte has established an award of $50.00 which goes to an outstanding freshman for meritorious scholarship, personality, and community contribution.

Sigma Mu Awards

The local chapter of Sigma Mu, honorary scholastic fraternity, awards annually two prizes of $5 each. One prize is for the best piece of creative work (art, literature, or music) submitted by any student; the second is for the best piece of research submitted by any student.

The Queens College Panhellenic Scholarship Cup

The Panhellenic Council has provided a cup which is awarded for a period of a year to the sorority making the highest average in scholarship.

Kappa Delta Science Award

The local chapter of Kappa Delta has established a Science award of $10.00 to go to the senior who makes the highest grade in chemistry or biology (first choice) or mathematics (second choice).

Journalistic Award

The Creative Writing Cup. To give concrete recognition to those who show determined effort at creative writing in connection with the magazine, the student body of the college gives a loving cup.

The Jernigan Journalistic Award. Designed to cover a more comprehensive area of activities than does the Creative Writing Cup, the Jernigan Journalistic Award is given in recognition of outstanding work of any kind to a member of the *Blue Quill* staff.

The Sociology Prize

The Theta Gamma Chapter of Chi Omega sorority offers each year a prize of $10 to the student with the highest average in sociology.

The Morrison Temperance Essay Prizes

Three prizes of $25, $15, and $10 are awarded for the best essays on the subject of temperance. This award was established by the late Mrs. Cameron Morrison.

Intersorority Basketball Cup

The Theta Gamma Chapter of Chi Omega sorority offers a silver cup each year to the sorority winning the intersorority basketball tournament.

Recreation Association Awards

A silver loving cup is awarded to the class which wins the interclass volleyball tournament; the interclass stunt competition; the interclass basketball tournament; and to the student who is considered the best-all-round athlete.

Community Services

THE EVENING COLLEGE

The Evening College is intended to serve the educational needs of men and women of the Charlotte area. Here adults may enroll for the purpose of securing college credits which may be used for transfer in satisfaction of degree or certification requirements. Others may want college training for vocational advancement or for self-improvement.

Many credit courses offered in the Evening College are open to students who may wish to enroll on an audit or non-credit basis.

Special or non-credit courses are organized from time to time for vocational, professional, or cultural groups. All such courses are also open to other interested individuals.

SUMMER SESSION

The Queens Summer Session is limited to students living in Charlotte or within commuting distance of the campus. All courses offered are for college credit and are taught by regular members of the Queens faculty supplemented by visiting instructors from other colleges.

The schedule of dates for the session is shown on the college calendar. A special summer school bulletin, listing course offerings, is published in March and may be obtained by writing the dean of the college.

QUEENS-CHARLOTTE LEADERSHIP TRAINING PROGRAM

An important contribution to the community is the unique cooperation between the college and the churches of Charlotte. By this arrangement a professor of religion, supported jointly by the college and the churches, organizes and administers three times a year a training school for religious leaders. Members of the Queens faculty and ministers and staff workers of the Charlotte churches of all denominations comprise the faculty of the school and present a program designed to supply the needs of the area.

Alumnae Activities

The Alumnae Association promotes the welfare of the college and its alumnae by informing its members of college plans, activities, and accomplishments. The program of organization and expansion is under the leadership of the Alumnae Board of Directors and the alumnae secretary. Homecoming is sponsored by the Alumnae Association each year. The Alumnae Fund was established in 1948 and is now a part of the Living Endowment of the college.
